## The Value of Being Exact

Is nowhere greater than in your business

*Know* your customers by their full name

*Know* where they are located

*Know* others in the same line who may become your customers later

*Know* that your mailing list is up-to-date and contains no dead ones

## Permit all to Know

*Who* you are

*Where* you are located

*What* your full line consists of, and

*How* it is for their interest to trade with you by placing your advertisement in

The **Directory,** where it is always at hand when wanted, and shows that you have a local interest which means, interest in your patrons.

# JUST COMMON SENSE

## SELLING

**If You Have Something to Sell** go to someone who can sell it most readily for you.

During the past nine years many who have wanted to sell real estate and many who have wanted to buy real estate have come to us--and with success. Perhaps you should.

## RENTING

**Don't Lose Two Dollars to Save One Dollar.** Some owners save the agent's commission and consume two months' time in finding a tenant themselves. They save $6.30 and lose $42. We are showing rents every year to hundreds, yes thousands, of people.

## INSURANCE

**An Insurance Policy is Too Serious a Contract** to be juggled with. It is a business contract and should be purchased in a business way. Here are a few of the many forms written at our office,--*Fire, Life, Liability, Disability, Burglary, Accident, Fidelity and Surety Bonds.*

## MORTGAGES

**If Your Mortgage is Nicely Placed,** well and good. If not, we always have funds available for mortgages on real estate.

## MANAGEMENT OF PROPERTY

**Property Pays Best** when managed best. We take pleasure in referring you to the owners of the estates which we now manage.

## INSTRUCTIONS TO KEY HOLDERS

Alarms are to be given from the box nearest the location of the fire.

Do not give an alarm for a fire seen at a distance, unless assistance is called for.

To give an alarm open the door, pull the hook to the bottom of the slot once and let go. Each box contains a small bell, which, if heard before you pull indicates that an alarm has been previously given, and by listening at the box you will learn the number of box from which the alarm is given, but in no case will you pull the hook while the alarm is striking. After giving the alarm remain at the box so as to direct the

firemen to the fire. Be sure that you lock the box before leaving it.

Citizens are requested to inform themselves where keys to the signal boxes are kept, signs suitably inscribed being placed over each box giving the requisite information.

First alarm will be given by striking two or more rounds of box number on gongs, bells and whistles.

Second alarm will be given by striking two blows once followed by box number on gongs, bells and whistles

Third alarm will be given by striking three blows followed by box number on gongs, bells and whistles.

Fourth alarm will be given by striking four blows followed by box number on gongs, bells and whistles.

Fifth alarm will be given by striking five blows, followed by box number on gongs, bells and whistles.

Two blows, all out signal.
